If an event has only one competitor, the skater will be informed and have the option of skating up an event, skating for an evaluation only, or withdrawing with a refund. Competitors may skate up one category higher than they are qualified.

Should entries in a category be exceedingly large, competitive categories will be divided into smaller groups drawn by lot, which may also be drawn by computer. STARSkate groupings will be divided according to age; interpretive events will be divided by free skate test level first and then if further grouping is required, by age. Skaters may enter only one event in each discipline of singles and interpretive. Skaters choosing to enter

more than one event do so with the understanding that there may be scheduling conflicts that are unable to be resolved.

A tentative schedule of events will be posted on the [BC/YT Section](#) website and on the [CNCR](#) website.
