## **MARKING/JUDGING SYSTEM**

Judging of free programs for Synchro Skating will be as follows:

- Each team will skate their free program twice, each time with a different panel of Judges. Final results will be based on the combined results of both skates as per the following factors:  
The first portion of the event, the total score of the free program will be multiplied by a factor of 0.5. In the second portion of the event, the total score of the free program will be multiplied by a factor of 1.0.
- The draw for the second free program will be seeded, based on the results of the first program, in the same manner as an event with a short and free program component.
- The second mark (program components) will be used to break a tie in both free programs. (Note: for the Junior and Senior categories, if two or more teams have the same result, the total technical score will break the tie in the short program. The program component score will break the tie in the free skating. If these results are also equal, the teams concerned will be considered as tied (Skate Canada CPC Rule Book)).

### **PRACTICE ICE: Synchro Teams** (SC RULE 7703 (1) will apply)

One free 10 minute practice session per Synchro team is included in the registration fee as per SC Rule 7703 (2). Junior and Senior teams will get one 10 minute practice for each part of their event.

For Novice, Junior & Senior teams the warm up timing commences from the moment the first skater enters the ice surface. For all other events, SC Rule 7000 G 3.3 (1) (2) shall still apply. (The team has 30 seconds to enter the ice surface and a one minute warm up.)

**SYNCHRO ALTERNATES:** Once a program has started, no substitution of personnel will be permitted. Registered team alternates may be substituted only if the team's program is stopped by the Referee due to injury or equipment failure. No more than 4 alternates are allowed per team.
