

COACH LEVELS OF CERTIFICATION

A few years ago, Skate Canada changed the names of their Coaching Levels to align with the Coaching Association of Canada's Longer Term Development model.

Coach Levels are as follows:

Fundamentals - CanSkate

Learn to Train - PowerSkate

Learn to Train - Regional Coach

Train to Train - Provincial Coach

Train to Compete - National Coach

Level 4/5 Coach (No longer able to certify at this level)

A Coach's certification level is not private. The public transcript is a way for anyone to verify the NCCP qualifications of a coach. Clubs, sport organizations, parents and athletes can look up a coach if they know the coach's NCCP # and last name:
